All grant applications are subject to review by District administrative staff, including the District Administrator, General Counsel and Chief Financial Officer prior to review by the Board of Directors. Regular District Board of Director meetings are scheduled for the third Thursday of January, March, May, July, September and November.

Formal Presentations to the Board will be required for all Applications of over \$10,000. Applicants will be advised of the Board of Directors meeting at which a presentation will be required. All presentations are limited to 10 minutes unless waived by the Board; due to this time limit, all pertinent information about the grant request should be included in the written grant application, and not reserved for in-person presentations.

District Grant Priorities

Priority for District Grant Funds will be provided to grant applications that demonstrate effectiveness in addressing one or more of the District Priorities, as identified in District Policy IX, Requests for Public Funds, Community Grants and Scholarships. These priorities are:

1. Access to local physical and mental services (urgent care and after hours)
2. Early Assessment (developing tools to address physical and mental issues before they rise to the level of an illness)
3. Transportation (work with those already providing transportation to improve and increase those services throughout the District)
4. Workforce Development (provide expanded training to provide new personnel to service those in the District)
5. Access to drug and alcohol addiction treatment
6. Senior issues (loneliness being one specific area. Look to develop youth-senior connections)
7. Mental Health issues across the board need to be addressed
8. Nutrition/Food/Security

Grant Application Contents:
